YYC recently completed it's Annual Summer Programme, funded by the UNDP, which caters for 11-16 year olds of at-risk areas such as Lodge and Sophia. We were able to meet our target of reaching 100 youths and exposed them to fun-filled activities such as arts & crafts, sports, drama & dance. We also wanted to inspire them by providing career guidance in varying professions, such as the fire service, sports & media.

EXPRESSIVE ARTS

Making a Banner!

During the first week of the Summer Programme, the children participated in activities such as drama, dance and banner making. They also made creative collages and paintings. These drama & dance sessions were conducted by facilitators from the Theater Guild Company and Krystal Lite dance group respectively.

For four days, individuals representing a particular job field, visited YYC & spoke about their career accomplishments. Guest speakers came from GHARP (medical field), Guyana Fire Service & Guyana Defense Force (national security), Coaches and players for various sporting activity, and Media and Culture figures.
